

FFN: Education to support Workforce Development

April 8th

12.00-14.30 Central European Summer Time (CEST)

FFN has developed many tools and resources that define evidence based prevention and care of patients with fragility fractures. Please join us in this interactive session to learn about the educational initiatives that are underway to share these tools and support health care providers in managing their patients.

Who should attend: FFN supports the multidisciplinary management of fragility fractures. These sessions are appropriate for surgeons, physicians, nursing and rehabilitation professionals.

Webinar Chairs:

Paolo Falaschi, Chair- FFN EduCom

Stefano Eleuteri, Deputy Chair- FFN EduCom

Paul Mitchell

The Call to Action: the message and its dissemination
